

Remodel Bathroom Selections

General Ideas to Consider

- Layout – changes
- Enlarge – into other spaces
- Design –
- Budget –
- Style –
- Lighting – natural or other

Products and Materials

Glass block:

- Windows – framed (vinyl or aluminum) or frameless (loose blocks built into wall)
- Interior partitions
- Full height or partial
- Specialty trim blocks or cover edges with other material

Wood trim and Millwork:

- Baseboards
- Windows
- Doors
- Crown
- Other

Cabinets:

- Vanity – size, configuration, custom/modular, species, color, stain/paint/other, solid/pressed
- Wall – Over toilet, over vanity, full-height, built-in at wall; wood species and finish
- Storage cabinet / closet – similar to others – quantity of shelves, doors, etc., height
- Pulls / knobs – type, style, brand, model, finish

Counter-top:

- Quartz
- Stone
- Concrete
- Tile
- Laminate
- Solid-surface
- Wood
- Nosing detail, thickness

Back-splash – where, height, material, trim line, details

Doors / Hardware:

- Interior – type, material, style and function (flush, panel, pocket, swinging, paint grade)
- Exterior – type, material, smooth / textured, style, function and finish , paint grade , inswing / outswing / hardware (deadbolt/lever/knob), glass (type)
- Hardware – function, finish, stops

Natural Light:

- Skylight / sun tube – size, location, brand, diffuser, accessories (diffuser, integral fan or light)
- Windows – Color, function, glass type, frame type, special coatings, etcetera, brand

Finishes / Surfaces:

- Walls / Ceiling – material (drywall, plaster, wood, other), surface texture, finish, color
- Flooring – tile, vinyl, carpet, laminate, other
- Tile – floor, shower pan, shower walls, feature tile lines/details, back-splash at counters, shampoo shelf/ soap dish, niche(s), grout (epoxy / standard, color, type)
- Painting work – finish type, sheen, color, brand, texture

Organizers/ Storage/ Other Cabinets –

Plumbing:

- Walls / Ceiling – material (drywall, plaster, wood, other), surface texture, finish, color
- Vanity faucets – valves and trim, style, type, where to mount, brand, model, finish
- Lavatories – shape, size, color, finish, style, type, brand, model, mounting
- Tub / spa – shape, size, color, finish, style, type, brand, model, electrical needs, access panel, splash
- Shower – valve(s) and trim, shower head, slide bar and hose, drain, grab bars, other accessories, style, type, brand, model, finish
- Water closet (toilet) – height, bowl/tank style, type, color, shape, seat/cover type, brand, model
- Hot water system – On-demand/ recirculating, brand, model
- Gas supply – locations, requirements for appliances

Mechanical:

- Space heating – existing, new, type
- Floor heating system – thermostat, location, size, brand, model
- Exhaust fan – type, brand, model

Electrical:

- Lighting – (must comply with California energy usage requirements)
 - Vanity – wall, over lavs, or to sides/ how many fixtures
 - Ceiling – I was thinking to use LED recessed 4” diameter lights, like these:
 - Sconces
