To: Robert Youngs

The old saying goes "if you want it done right, do it yourself". Well, after having Bob Youngs rebuild one house after a fire and completely remodel our own 1970s-era home, *we think the saying should be changed to "if you want it done right, have Bob Youngs do it!" Bob and his sons are meticulous craftsmen who bring a pride of ownership to every project that means nothing less than perfection will do.*
