Santa Rosa, CA

Dear Bob:

We are writing to tell you how pleased we have been with the remodeling work that you did for us.

We are enjoying the use of the master bath that we gave up on - until you did some planning for us and made the shower area of use to us again. We are very happy with the outcome. The installation of the skylight created an openness that was beyond expectation.

We appreciate all the work that you have done and having such patience in the execution of the improvements to our home and we would not hesitate to call upon you again to perform any further rehabilitation work on our home in the future.

We thank you for all your professional services to us, and are so glad that Santa Rosa Hardware referred you when we had all the interior doors in our home replaced.

Our best regard to you and your family -

Sincerely,
