R. D. Youngs Construction
Santa Rosa, CA

Dear Robert:

Timberline community Bank is pleased to acknowledge our recent association covering the building conversion at our new Mount Shasta Branch Office.

Your knowledge of Building Codes and ability to translate a sketch into code conforming drawings greatly assisted in timely approval by city officials.

Your dedication to early completion of the project and ability to utilize, reconfigure and rehabilitate previously used fixtures such as the tellers' counters not only saved time but also significant expense.

The staff and Executive Officers are very pleased with the end product and your substantial contribution to it.

Sincerely,
R.J.Y.
President & CEO
